SUBJECT: ARLF Financial Statement Preparation and Year End Processes

Due to fiscal year end adjustments the June 30, 2016 financial statements will not be ready until late September or early October depending on closure of FY16 books. Once all FY16 information is available, the annual ARLF summary report for FY16 will be prepared and scheduled on an applicable Board agenda.

The state system allows prior fiscal year transactions to be posted during the months of July and August. Typically, the Department of Administration, Division of Finance (DOF) continues to process prior fiscal year transactions during September to finalize the accounts for the state's Comprehensive Annual Financial Report (CAFR).

Consequently, July and August financial statements are pending until finalizing June 2016 financial statements.

If the BAC has any other questions or concerns regarding the ARLF financial statements, please do not hesitate to contact our office.
