Attention: Norm Olson and Mike Evans

Dear Norm and Mike:

Our State CSU Coordination office received the announcements of the public meetings for Tetlin and Yukon Flats National Wildlife Refuges too late to distribute to the State agencies. We did appreciate your phone call just in advance of the meetings giving arrangement details. However, time was insufficient to allow notification of interested divisions throughout the various State agencies. As a result, the State was not participant to the meetings.

We received copies of your lists of comments and concerns expressed by the public at the Tetlin and Yukon Flats meetings. By copy of this letter, we are providing these lists to the State CSU Contacts (representing State agencies). We are asking the State CSU Contacts to provide any additional comments, concerns, or issues to us by 14 January 1983. These in turn will be provided to you approximately one week thereafter.

In providing information to, requesting participation of, and requesting responses from the State agencies, we have found it necessary to allow a minimum of 30 (preferably 45) days for distribution and response. If you have any problems with the above timetable please let us know as soon as possible.

December 15, 1982

We look forward to future opportunities to be active participants in the planning process for Tetlin and Yukon Flats National Wildlife Refuge's. Please let us know if we can be of further assistance in the scoping phase for these refuges.

Sincerely,

Tina Cuning
State CSU Assistant
