Dear Mr. Rumps:

In the State of Alaska's letter to you of June 18, 1987, this office provided state comments on the proposed Memorandum of Agreement concerning the Iditarod Trail. In the first paragraph on page 2 of our letter, it was suggested that the agreement recognize that the Trail location could be adjusted in the right-of-way. The letter, however, did not suggest specific language.

As a follow-up to this request, the state recommends that the following language be added to the Administration section of the Agreement.

"The location of the Iditarod Trail within any state highway right-of-way (ROW) may be adjusted within the highway ROW at the discretion of the Alaska Department of Transportation and Public Facilities for the purpose of making improvements to the highway."

Thank you for your consideration of these supplemental comments. If you have any questions, please feel free to call this office. I will be out of the office until July 13, and would be happy to discuss the Iditarod agreement after this date.

Sincerely,

Sally Gibert
State CSU Coordinator
