was bonded through the State Reclamation Bond Pool in 2023. By signature hereon, I certify the mined area of this operation has been reduced to under five acres of disturbance for 2024, is not under a Notice of Violation (NOV), and qualifies for an exemption from reclamation bonding in accordance with Alaska Statute 27.19.050 -- applicable reclamation approval documents and 2024 Annual Placer Mining Application (APMA) enclosed.

The amount of refundable monies is calculated as follows:

1. Number of acres bonded 2023: \_\_\_\_\_ acres
2. Number of acres mined or disturbed in 2023: \_\_\_\_\_ acres  
(Federal disturbance includes area of camp and roads)

**BONDING REFUND CALCULATIONS:**

3. Number of acres bonded in 2023; but, not mined or disturbed:  
(1 minus 2 above) \_\_\_\_\_ acres x \$112.50 = \$ \_\_\_\_\_
4. Number of acres reclaimed in 2023 and approved by BLM/DNR.  
**Federal miners must submit a Financial Guarantee Amount Reduction Form from BLM. All miners requesting a reduction of acreage must fill out the application for Bond Release Form, and include evidence of their reclamation with Photo/Video documentation unless otherwise specified by DNR.** \_\_\_\_\_ acres x \$112.50 = \$ \_\_\_\_\_
5. Number of acres transferred to Letter of Intent:  
(These are bonded, unreclaimed acres being released from bonding obligation. Reclamation obligation for these acres will be carried under a Letter of Intent and must be less than five acres.) \_\_\_\_\_ acres x \$112.50 = \$ \_\_\_\_\_
6. Acreage and dollar total of lines 3 + 4 + 5: \_\_\_\_\_ acres                      \$ \_\_\_\_\_  
(Total acreage must equal # 1 above. This dollar amount will be refunded.)

**BONDING OBLIGATIONS FOR 2024:** None -- reclamation obligations have been transferred to a Reclamation Letter of Intent required per AS 27.19.050. If mined area ever reaches five acres in size, bonding will be required prior to the continuance of operations.
